“I would recommend Arthur’s Supper Club to anyone who is in need of a venue for their special day. My husband and I chose Arthur’s because they were very accommodating to our needs. Not only was the location perfect for us but the staff is amazing! My husband and I only wanted one thing out of our special day and that was for our guests to never forget it. I still have people tell me they will never forget how perfect our day turned out!”

Kaylee and Justin Wahl

Late this past July, my fiance, Carl, and I decided to move our wedding up from next summer to this fall. Having less than 3 months to plan everything - we immediately started making phone calls to possible venues for our reception. Carl and I must have called 4 different places in the area, and had to leave messages on that Sunday afternoon - with all except Arthur's. Their coordinator answered our call that day, and was willing and excited to help us in anyway possible. Carl and I were pleased to see that the coordinator we had worked with the last 3 months was also working our reception that night making sure everything was the way we wanted it. The food and the service was excellent. We can't wait to come back!

We would definitely recommend booking Arthur’s Supper Club for a wedding reception venue! We had our wedding reception there and were very pleased with our decision. Arthur’s was very flexible throughout the whole booking and planning process. The menu had many different meal and side options with an affordable price range, which allowed us to stay within our desired budget and enjoy a delicious dinner with our 250 guests. The professionalism and attentiveness of the staff allowed for a relaxing and pleasant celebration with our guests. Also, Arthur’s is conveniently located within two miles of three different hotels, so our out-of-town guests were all able to find someplace to stay the night. We have nothing but positive feedback from the entire night and we hope everyone has a night to remember, as well!
